USB Type-C™ notebook DockingStation

A bit of everything

With a USB Type-C™ host, the door is opened for five additional ports, 1x Gigabit Ethernet, 1x SD cardreader, 1x HDMI® and 2x USB 3.0 Type-A are opened. In addition, mobile devices can be charged when the appropriate power supply is connected.

A bit of input

USB Type-C™ is the new standard for PCs, notebooks, tablets and the like. The high data transfer rate of the USB 3.0 protocol of up to 5 Gbit/s serves this adapter very well.

Slim and elegant

Due to the low height, the IB-DK4034-CPD is very handy as well as flexible for many situations. With the integrated USB Type-C™ cable you can always get a connection with the latest PCs, laptops or mobile devices.
