

HP LaserJet M110we Printer

The world's smallest laser in its class¹ designed for efficiency with fast printing and the time-saving HP Smart app.^{2,3} Includes HP+, the smart printing system that keeps you connected and ready to print from virtually anywhere.²

This is an HP+ printer. It requires an HP account, connection to the internet, and exclusive use of Original HP Toner cartridges for the life of the printer. More at: <http://www.hp.com/plus-faq>

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: <http://www.hp.com/learn/ds>
